Challenging the traditional interpretation that the years between Reconstruction and World War I were a period when blacks made only marginal advances in religion, politics, and social life, John Giggie contends that these years marked a critical turning point in the religious history of southern blacks. In this groundbreaking first book, Giggie connects these changes in religious life in the Delta region--whose population was predominantly black but increasingly ruled by white supremacists--to

the Great Migration and looks at how they impacted the new urban lives of those who made the exodus to the north. Rather than a straight narrative, the chapters present a range of ways blacks in the Delta experimented with new forms of cultural expression and how they looked for spiritual meaning in the face of racial violence. Giggie traces how experiences with the railroad became a part of spiritual life, how consumer marketing built religious identities, ways that fraternal societies became tied in with churches, the role of material culture in unifying religious identity across the Delta, and the backlash against the worldliness of black churches and the growth of alternate practices. The study takes into account folk religion as well as a

panoply of institutions--black Baptist churches, African Methodist Episcopal Church, Colored Methodist Episcopal Church, black conferences of the Methodist Episcopal Church, and churches that formed the African-American Holiness movement--and looks at how they vigorously quarreled over the proper definition of religious organization, worship, and consumption. Vivid evidence comes from black denominational newspapers, published and unpublished ex-slave interviews conducted by the Works Progress Administration, legal transcripts, autobiographies, and recordings of black music and oral expression.
