Dead Sky Morning is for me the best installment yet, in the midblowing Experiment in Terror series by the amazing Karina Halle. It manipulates all your feelings, blurring the line between reality and fantasy, delivering pure terror. A scary as hell book, that still manages to make you laugh and cry within a sentence.

Amateur ghost hunters Perry Palomino and Dex Foray embark on their most terrifying investigation yet. A tiny, fog-shrouded island in the rough strait between British Columbia and Washington State has held a dark secret for decades: It was a former leper colony where over forty souls were left to rot, die and bury each other. Now a functioning campground, Perry and Dex spend an isolated weekend there to investigate potential hauntings but as the duo quickly find out, there is more to fear on D'Arcy Island than just ghosts. The island quickly pits partner against partner, spiraling the pair into madness that serves to destroy their sanity, their relationship and their very lives.

"One of my all-time favorite series! Sexy, spooky, and a thrill-ride you don't want to miss!" - USA Today bestselling author Tara SivecThe Benson hotel in Portland, Oregon might look like your ordinary, swanky turn-of-the-century hotel, but deep in the heart of this historic icon, lie a few restless souls with secrets that won't stay buried.Amateur ghost hunters (and your favorite "will they or won't they" pair) Perry Palomino and Dex Foray spend an evening exploring the hotel for their Internet show "Experiment in Terror" - but this is no ordinary hotel and this is no ordinary episode. There's someone here in the Benson, someone dead, who will push the boundaries of what the duo know about ghosts and challenge Perry's very notion of the truth.The Benson is a short novella in the Experiment in Terror Series. It occurs between books #2 (Red Fox) and #3 (Dead Sky Morning) but can also be read as a standalone and is the perfect primer for anyone interested in the best-selling series (currently optioned for television).

A red fox hunts in the meadow as the cubs watch from their den.

This short story/novella sees amateur Youtube ghost hunters, Perry Palomino and Dex Foray, investigating the real-life hauntings of Portland's infamous Benson Hotel. It occurs between books #2 (Red Fox) and #3 (Dead Sky Morning) and is the perfect primer for anyone interested in the EIT series.Cover art by Bret Taylor.What others are saying about the EIT Series:"Karina Halle really knows how to write horror mixed with some mystery, romance and humor, which makes her thrilling Experiment in Terror novels" - Seeing Night Reviews"This series never ceases to amaze me" - I Heart Reading"All right, it's official: this series is addictive" - Naughty Between the Stacks"It's no secret that I'm quickly becoming an enthusiastic fan girl of both Halle's Experiment in Terror series and of her, the amazing women writer" - Bitsy Bling Books"I don't think, short of being completely ridiculous, I can encourage you more strongly to read this series" - Bookish Babes

Perry Palomino is not what you would call 'ordinary'. For one thing, there's her past which she likes to pretend never happened, and then there's the fact that she sees ghosts. Luckily for her, that all comes in handy when she stumbles across Dex Foray, an eccentric producer for an upcoming webcast on ghost hunters. Even though the show's budget is non-existent and Dex himself is a maddening enigma, Perry is instantly drawn into a world that both threatens her life and seduces her with a sense of importance. Her uncle's haunted lighthouse provides the perfect catalyst and backdrop for a horrific mystery that unravels the threads of Perry's fragile sanity and causes her to fall for a man, who, like the most dangerous of ghosts, may not be all that he seems.

Amateur ghost hunter Perry Palomino has battled ghosts, fought off skinwalkers and skirted the fine line between life and death. But can she survive bunking down in Seattle for a week with her partner (and the man she secretly loves) Dex and his perfect girlfriend, Jennifer? And can she do so while being tormented by a malicious spirit from Dex's increasingly shady past? With love and life in the balance, Perry must discover the truth among the lies or risk losing everything she's ever cared about.

Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

Dex Foray has never been anyone's fool - until he missed his chance for happiness with Perry Palomino. Broken and alone, Dex has no choice but to rise from the ashes Perry left behind and find his own path to redemption. But nothing in Dex's life has ever come easily, especially when there's a dark madness waiting in the wings.

Dex & Perry are back in an all-new Experiment in Terror novel, by New York Times Bestselling author Karina Halle A lot can change in three years.For Perry and Dex Foray, it's been a step in the right direction, a step toward living a normal life. They're happily married, they have their own media company, they've done what they can to leave their sordid and scary past behind them.But something has changed recently.Perry's biological clock is ticking.Her sister, Ada, is going down the same path she once did.And the Thin Veil between the living and the dead has weakened, letting an old friend walk back into their lives.Only he may not be who he seems, and he might not be alone.Sometimes the past won't let you go.And it turns out those three years of peace and happiness for the Forays were just the calm before the storm.NOTE: This book is not a standalone. It should be read after Dust to Dust #9 and Ghosted #9.5

**\*\***The dramatic conclusion to the Experiment in Terror Series.**\*\*** Perry Palomino and Dex Foray. On their own, they're uniquely brilliant. Together, they're an unstoppable team. Until now. Because after everything the duo has encountered, they haven't come across an evil quite like this. An evil that has been years in the making, an evil that will stop at nothing until they, and everyone they care for, are destroyed. Dex and Perry's love has survived a multitude of sins. But can it survive the end?
