This mathematics series consists of core and plus books for each year, to cover the whole ability range, allowing a parallel but fully differentiated approach. A teacher support file supports each set of books providing comprehensive support. It is suitable for the experienced or non-specialist teacher, providing a range of varied, challenging and tried and tested discussion exercises, puzzles, practicals, investigations and games. Hints, tips, reminders and notes are provided throughout. Support for ICT, calculators and graphical calculators is included, along with review questions after each exercise for homework or further classwork. Support sheets for the lower ability are included.

Framework Maths is a brand new course designed to match the pitch, pace and progression of the Framework for Teaching Mathematics at Key Stage 3. It will help you raise achievement by focusing on the ideals of raising expectations, strengthening progression, encouraging engagement, and transforming teaching and learning. This Teacher's Book has been written to help teach students working on the Core objectives outlined for year 7, and especially those students using Framework Maths 7C. The book offers all you need to implement effective lessons whatever your expertise:

- * Objectives and useful resources identified at the start so that you can plan ahead
- * Practical support for the three-part lesson, including mental starters
- * Exercise commentary so you can differentiate effectively even within ability groups
- * Common misconceptions highlighted so you can help students overcome difficulties
- * Lots of ideas for engaging activities and investigations
- * Reference to materials on CD-ROM such as ICT activities, OHT's and homework

Framework Maths comprises a Students' Book and a Teacher's Book for each year of KS3, at three tiers of ability: Support, Core and Extension. There is also a CD-ROM for each year, containing assessment and further resources.

The book comprises units organised clearly into inspiring full-colour spreads. Each unit offers:

- * Prior learning points identified at the start so that revision is a continual process
- * Learning objectives identified so it is clear what students need to know
- * Clear explanations covered with examples showing the key techniques
- * Plenty of practice with questions pitched at the level suggested in the Framework
- * Summaries and review questions to help students gain responsibility for their learning

New National Framework Mathematics features extensive teacher support materials which include dedicated resources to support each Core and Plus Book. The 9 Core Teacher Resource Pack contains a wealth of resources to support and extend the work covered in the 9 Core pupil book and Teacher Planning Pack.

This one colour, disposable Workbook is aimed at middle ability pupils in Year 7 and provides an ideal homework book so that core pupil books don't need to be taken home. Ideal for use with New National Framework Mathematics or alongside any other course throughout the year.
