Recounts the story of the Jewish leader Moses, from his birth until his leading of the slaves out of Egypt. Based on the Torah, Modern Commentary and the King James Bible.

When four religious leaders walk across the road, it's not the beginning of a joke. It's the start of one of the most important conversations in today's world. Can you be a committed Christian without having to condemn or convert people of other faiths? Is it possible to affirm other religious traditions without watering down your own? In his most important book yet, widely acclaimed author and speaker Brian McLaren proposes a new faith alternative, one built on "benevolence and solidarity rather than rivalry and hostility." This way of being Christian is strong but doesn't strong-arm anyone, going beyond mere tolerance to vigorous hospitality toward, interest in, and collaboration with the other. Blending history, narrative, and brilliant insight, McLaren shows readers step-by-step how to reclaim this strong-benevolent faith, challenging us to stop creating barriers in the name of God and learn how affirming other religions can strengthen our commitment to our own. And in doing so, he invites Christians to become more Christ-like than ever before.

Retells in graphic novel format the creation of the world up through Israel's rescue from Egypt.

Laura Knight-Jadczyk's series, The Secret History of the World, is one of the most ambitious projects ever undertaken to provide a cogent, comprehensive account of humanity's true history and place in the cosmos. Following the great unifying vision of the Stoic Posidonius, Laura weaves together the study of history, mythology, religion, psychology and physics, revealing a view of the world that is both rational and breathtaking in its all-encompassing scope. This second volume, Comets and the Horns of Moses, (written in concert with several following volumes soon to be released) picks up the dangling threads of volume one with an analysis of the Biblical character of Moses -- his possible true history and nature -- and the cyclical nature of cosmic catastrophes in Earth's history. Laura skillfully tracks the science of comets, revealing evidence for the fundamentally electrical and electromagnetic nature of these celestial bodies and how they have repeatedly wreaked havoc and destruction on

our planet over the course of human history. Even more startling however, is the evidence that comets and cometary fragments have played a central role in the formation of human myth and legend and the very concept of a 'god'. As she expertly navigates her way through the labyrinth of history, Laura uncovers the secret knowledge of comets that has been hidden in the great myths, ancient astronomy (and astrology) and the works of the Greek philosophers. Concluding with a look at the political and psychological implications of cyclical cometary catastrophes and what they portend for humanity today, *Comets and the Horns of Moses* is a marvel of original thought and keen detective work that will rock the foundations of your understanding of the world you live in, and no doubt ruffle the feathers of the many academics who still cling to an outdated and blinkered view of history.

Merlin Nichols tried to make it on his own. He worried about his salvation and whether he was good enough. Perhaps like you or someone you know, he preached, held church offices, and was outwardly faithful to the church, but he was spiritually dead. That is, until Paul 's message of grace to the Ephesians hit him between the eyes and changed him forever. *The Long Road to Grace: Confessions of a Slow Learner* is an in-depth examination of Ephesians and its timeless message of grace that was needed in the early Christian church and is needed today. With a passion for helping the spiritually dead come back to life, Merlin examines the letter Paul wrote to Ephesus in light of the Bible as a whole. Taking the letter verse by verse, in the author 's own words, and sharing stories from his life experiences, you will discover new insights into Paul 's powerful message of the saving grace of Jesus Christ and the life-changing transformation that takes place when one fully submits to God.

Do you sometimes feel that you are wandering in a wilderness of grief, confusion, and faltering faith? If so, you are not alone. Like the lost children of Israel, many have searched for a way through a personal wilderness. But just as those same Israelites followed God's leading to the Promised Land, you too can find the promised new life in the Spirit. Jamie Buckingham made such a journey – not only figuratively but literally. During a time of intense personal struggle, he traveled to the Sinai. There he found restoration and, in the solitude of a wilderness night, he learned ancient Bible truths that would alter his life forever. Of all the locations Jamie visited during his many trips to Israel, he loved the Sinai desert the most. In this book he shares with you the simple, healing secrets that God first revealed to Moses at the dawn of faith. www.JamieBuckinghamMinistries.com
